

Our Kiddie Camp offers children between the ages of 2 and 4 the possibility of exploring language through play in a safe environment under constant supervision. Book a Kiddie Camp 20 lesson course for your child whilst you are following your own lessons knowing that your children are well-looked after as they start to explore their English language skills from this very young age. The convenience of attending the same school means that parents are physically close to their children and that they can collect or call on them with ease at during their time in the school.

Kiddie Camp participants engage in language play as well as arts and craft activities. Language play is explored and reinforced through alphabet match up activities, simple word recognition tasks, the first polite responses in English, the learning of simple vocabulary of everyday objects, things and animals, jolly phonics sounds and play through song. Children's motor and creative skills are at the same time enhanced through arts and craft activities as their mentor speaks to them in English.

This programme runs throughout High Season
